### **PACG Drug Policy Forum Mission Statement:**

The mission of the PACG Drug Policy forum is to advance policies and attitudes that focus on harm reduction of both drug use and drug prohibition. We advocate for the use and regulation of drugs grounded in science, health, compassion and human rights. We believe the war on drugs must end. Together we work to ensure that our nation's drug policies no longer arrest, incarcerate, disenfranchise and otherwise harm millions – particularly young people and people of color who are disproportionately affected by the war on drugs.
