Our Democracy is Under Attack!

Progressive issues of equality, inclusion, the environment and health care are at risk. Our democracy is threatened by voter suppression, gerrymandering, and a Congress that refuses to uphold the Constitution. What can you do about our nation in crisis? Support PACG in its unprecedented fight to save our democracy.

About PACG

Progressive Action for the Common Good (PACG) empowers people to take action for positive change and social justice by coordinating a network of community issue forums and events aimed at educating and energizing citizens to work for the common good of all. See our website for more information: www.pacgqc.org.
